Brokers and Developers Event Held in South St. Paul

Progress Plus held a brokers and developers event at Ristorante TreVina in South St. Paul on Tuesday, October 17th. The event highlighted redevelopment in the BridgePoint Business Park area and provided a tour for participants. More than 60 people, mainly brokers and developers, attended which made the event a big success!

"It's important to keep opportunities in front of as many brokers and developers as possible to facilitate business development in the area. This was a great way to showcase the changes and vision for the community," stated Kevin McKinnon, Executive Vice President of Progress Plus. South St. Paul Mayor Beth Baumann added, "This event is exactly what South St. Paul needed to reinvigorate its economic development. It was our opportunity to show the brokers what was available for development and let them know that the City, the HRA and Progress Plus want to partner with them to make their project a success."

Progress Plus is a 501(c) 3 not-for-profit organization dedicated to maintaining and enhancing the employment and tax base in Inver Grove Heights and South St. Paul. The public/private partnership has assisted in the development of the two communities since 1989.
